

**GALFAND BERGER: TOUGH VENUE?
TOUGHER LAWYERS.**

Galfand Berger has a remarkable record in handling complex personal injury cases. We have been doing it for over 75 years.

We know that some firms might be reluctant to handle cases in unfamiliar venues or outside their practice areas. Instead, they're happy to refer them. Galfand Berger's size, history, and past results enable us to maximize the value of each case and to fund the litigation expenses of large cases. And, since we've been around for so long, we are no strangers to tough venues.

Debra Jensen and Brad Smith fight for fatally injured client and recover \$10 million for his family.

**WHY YOU SHOULD REFER YOUR PERSONAL
INJURY CASE TO GALFAND BERGER**

For over 75 years, Galfand Berger has helped people hurt because of automobile accidents, defective products, unsafe equipment and machinery, workplace and construction accidents, Workers' Compensation claims, medical malpractice and any other serious personal injuries or accidents.

Clients may come to your office with a potential personal injury (PI) case. If you're a lawyer, and this is outside your practice area, it makes sense to refer that case to an experienced PI firm, like Galfand Berger, for many reasons.

Galfand Berger has handled tens of thousands of personal injury matters and paid millions of dollars to referral counsel. Our skilled attorneys are happy to speak with you about your personal injury referral. Our team includes attorneys and staff fluent in Spanish.

WHAT WE DO

Our Practice Areas

Many of Galfand Berger's cases come from our referral relationships. [Learn more about our firm's practice areas:](#)

AUTO ACCIDENTS

Our experienced attorneys have handled thousands of motor vehicle accident cases involving motorcycles, bicycles, pedestrians, cars, trucks, and all-terrain vehicles. We even provide clients with important information, like knowing their auto insurance.

CONSTRUCTION ACCIDENTS

Construction workers face job site hazards every day. For decades, we have been zealous advocates for workers injured in construction accidents.

HAND INJURIES

We have obtained millions of dollars in settlements over the years for workers who suffered amputated fingers, crushed hands, and all types of serious hand injuries.

MEDICAL DEVICE & PHARMACEUTICAL LITIGATION

We work with scientists and doctors on the cutting edge of medicine to pursue claims on behalf of clients harmed by defective drugs and medical products.

MEDICAL MALPRACTICE

We offer free initial consultations to clients who believe they suffered harm due to negligence of a health professional or institution.

PERSONAL INJURY

It only takes a moment for an accident to change a person's life forever. We help victims take legal action to hold negligent parties responsible and pursue recovery for damages.

PREMISES LIABILITY

If a client suffers an injury on someone else's property, our premises liability lawyers will evaluate their claim and answer all of their questions at no charge.

PRODUCTS LIABILITY

Corporations harm consumers when they take shortcuts bringing products to market. Our products liability lawyers represent individuals hurt by defective or dangerous products.

SOCIAL SECURITY DISABILITY

If someone becomes disabled, Social Security Disability Insurance (SSDI) or Supplemental Security Income (SSI) benefits may be available. We can answer any questions you may have about these programs.

TRAIN ACCIDENTS

Determining liability in a train wreck is a legally complicated process. Our highly qualified attorneys represent victims hurt in accidents involving commuter trains, subways, light rail systems, high-speed trains, and freight trains.

WORKERS' COMPENSATION

Our attorneys help workers navigate the process of filing for Workers' Compensation after a workplace accident. In fact, we wrote the book:

WRONGFUL DEATH

When an individual dies due to the negligence of another, surviving family members have the right to file a wrongful death claim. We represent grieving family members who have lost loved ones due to medical malpractice, defective products, or any accident in which another party may have been at-fault.
